Replacement and Repair Expenses:
Structural parts will be made using appropriate technology and may be visible. Repaired items will be refinished as needed, but the new finish may not match the old.

Responsibility of the Owner:
The responsibility of the owner.

Damaged in Transit:
If the product is damaged in transit, file claim with carrier.

Conditions and Exceptions:
BUT NOT LIMITED TO, WARRANTIES OF MERCHANTABILITY AND WARRANTIES OF FITNESS FOR A PARTICULAR PURPOSE, EXPIRE WITH THE TRANSFER OF OWNERSHIP

No other express or implied warranties have been made or will be made on behalf of Vectra Fitness with respect to any Vectra product or the operation, repair or treatment. Vectra Fitness will not be responsible for any loss or damage incurred in shipping.

Vectra VX-38 Limited Warranty
Vectra Fitness, Inc. warrants, to the original owner only, this VX-38 to be free from defects in materials and workmanship for component specific periods as set forth below. Vectra products purchased prior to November 1, 2006 are covered under a different warranty in effect at the time of sale. This Limited Warranty is valid only if machine is purchased through an authorized Vectra Fitness dealer, and then registered with Vectra Fitness, Inc. shipping prepaid with your authorization.

Warranty Period (all periods are from date of purchase (original consumer))

Home Use:
The warranty is defined as use in a family's home by the members of that family. Lifetime means while owned by the original owner.

Commercial/Institutional Use:
The warranty is defined as use other than home use.

General and Exceptions:
Field maintenance, abused, altered, stamp repair, assembly repairs, repairs done by anyone other than an authorized Vectra Service Center are not covered. Use of a weight stack that is heavier than the heaviest stack that Vectra Fitness sells for use on this machine will void the warranty. This Limited Warranty does not cover damage sustained during shipment. This process begins upon delivery to consumer. If product is damaged in transit, file claim with carrier.

Repairs to the Structural Frame and Weight Stack will be made only if such repairs are necessary to make the machine functional as designed. Repairs for other reasons will not be covered. Consumers are not covered by this Limited Warranty. This is a pre-owned used product, and as such represents its most satisfactory condition. Any non-defective condition covered by this warranty is the result of consumer's maintenance.

This warranty is not transferable, and is not valid if product is altered or modified in any way.

It is not our policy to repair or replace components rather than entire machines or assemblies. It is also our policy to repair rather than replace frame components. Repairs of structural parts and the frame will be made using appropriate technology and may be inferior. Repaired frames will be refinished as needed, but the new finish may not match the old.

Replacement and Repair Expenses:
Vectra Fitness will provide only replacement parts or repair to parts under this Limited Warranty, and will pay for standard ground transportation costs to and from consumer. The consumer shall be responsible for any costs of labor to install or install any replacement parts. Any replacement parts will be of the same or comparable quality. This warranty does not cover claims for labor or any other cost incurred in shipping or installing replacement parts.

Warning:
Serious injury can occur if you are struck by falling weights or moving parts. The risk of injury is substantially increased if you fail to follow the safety rules and operating instructions contained in this manual.

Performs the following safety check daily:

1. Inspect bench bolts. Tighten if necessary.* Inspect bench wheels, wheel suspension, all are intact, undamaged and secure. Replace any parts that are missing, worn or damaged.
2. Inspect the webbing for fraying and check that the stitching is intact and strong. Inspect all joints, fixed and pivoting. Make sure any bolts are tight and that all retaining rings are intact and in good condition. Inspect any bearings.
3. Inspect non-slip tread. Inspect rubber feet on frame and bench. Remedy any problems that exist.
4. Inspect press arm mounting screws for tightness. Tighten if necessary.* Inspect all springs, including press arm counter balance springs to make sure they are in good condition and that they move freely in their sockets.
5. Inspect the nylon jacket of each cable carefully, again paying particular attention to all fasteners. Replace any damaged cable.
6. Inspect all hand grips, pads, etc. Replace any damaged, worn, loose or missing parts.
7. Inspect the nylon jacket of each cable carefully, again paying particular attention to all fasteners. Replace any damaged cable.
8. Inspect cable system tension if necessary (see assembly instructions for details).
9. Inspect all hand grips, pads, etc. Replace any damaged, worn, loose or missing parts.
10. Inspect all non-slip tread. Inspect rubber feet on frame and bench. Remedy any problems that exist.

Warning:
Consumer's Safety Rules:
1. Read and follow all instructions in your owner's manual, on your exercise chart, Vectra Fitness brochures, pamphlets, etc. and on this machine.
2. Vectra Fitness gym is designed to provide years of trouble-free service. Inspect all hand grips, pads, etc. Replace any damaged, worn, loose or missing parts. Replace any warning or caution labels on product if damaged, illegible, or removed.
3. Consult your physician before beginning your exercise program. It is recommended that you have a physical examination before starting any exercise program. You should discontinue exercise immediately if you experience pain or dizziness.
4. Keep body, hair, and clothing clear of weights and moving parts at all times. Keep fingers clear of moving parts while making adjustments.
5. Keep all children under the age of 16 supervised at all times.
6. If you have any question regarding proper operation, consult your provider, Vectra Fitness, Inc. or your dealer. Do not use this machine until you have taken the time to become completely familiar with its safe operation.
7. Vectra Fitness, Inc. warrants, to the original owner only, this Vectra VX-38 to be free from defects in materials and workmanship for component specific periods as set forth below.
Assembly Instructions

1. Select location for your machine. Set machine up in a well-lit and well-ventilated area where you will be performing exercises. Use rubber floor mats or something to protect your floor if needed.

2. Unbox entire unit. (NOTE: LEAVE ALL CABLES AND CABLE RETAINERS IN PLACE.)

3. Assemble main column (C) in the main triangle frame (B). (See Fig. 3. 

4. Now assemble the top of the main triangle (B) and the main triangle frame (B) into triangle frame (B). (See Fig. 4.)

5. Now attach main assembly (F) to the base of the ab/row column (G). (See Fig. 5.)

6. Attach leg seat bolt to the leg assembly using hex screws, Qty: 6. (See Fig. 6.)

7. Attach this assembly to the leg assembly using hex screws, Qty: 6. (See Fig. 7.)

8. Important: If you are assembling another series V3 machine attached to this assembly, attach the V3 COMPUTER COMPONENT, SWITCH to the main assembly at this point. Begin the next step in the assembly. (See Fig. 8.)

9. Attach your corn assembly (K) to the front of the stack column (C). (See Fig. 9.)

10. Attach the leg assembly to the leg assembly using hex screws, Qty: 6. (See Fig. 10.)

11. Attach the leg assembly to the leg assembly using hex screws, Qty: 6. (See Fig. 11.)

12. Attach the leg assembly to the leg assembly using hex screws, Qty: 6. (See Fig. 12.)

13. Attach the leg assembly to the leg assembly using hex screws, Qty: 6. (See Fig. 13.)

14. Attach the leg assembly to the leg assembly using hex screws, Qty: 6. (See Fig. 14.)

15. Attach the leg assembly to the leg assembly using hex screws, Qty: 6. (See Fig. 15.)

16. Attach the leg assembly to the leg assembly using hex screws, Qty: 6. (See Fig. 16.)

17. Attach the leg assembly to the leg assembly using hex screws, Qty: 6. (See Fig. 17.)

18. Attach the leg assembly to the leg assembly using hex screws, Qty: 6. (See Fig. 18.)

19. Attach the leg assembly to the leg assembly using hex screws, Qty: 6. (See Fig. 19.)

20. Attach the leg assembly to the leg assembly using hex screws, Qty: 6. (See Fig. 20.)

21. Attach the leg assembly to the leg assembly using hex screws, Qty: 6. (See Fig. 21.)

22. Attach the leg assembly to the leg assembly using hex screws, Qty: 6. (See Fig. 22.)

23. Attach the leg assembly to the leg assembly using hex screws, Qty: 6. (See Fig. 23.)

24. Attach the leg assembly to the leg assembly using hex screws, Qty: 6. (See Fig. 24.)

25. Attach the leg assembly to the leg assembly using hex screws, Qty: 6. (See Fig. 25.)

26. Attach the leg assembly to the leg assembly using hex screws, Qty: 6. (See Fig. 26.)

If you have any questions, PLEASE contact the full-service dealer where you purchased this machine.
